VOICE MATHEMATICS

MathTalk™/Scientific Notebook™ (MT/SN) – operates Scientific Notebook™ (SN) with over 600,000 combinations of voice commands. SN is powered by MuPad™ and has **GRAPHING** capabilities. SN will also evaluate, evaluate numerically, factor, combine, expand, simplify, check equality, solve exact and more. For details on SN, see www.mackichan.com. The user may use voice commands to translate math into BRAILLE using the Duxbury Braille Translator.

Learn MathTalk quickly and easily with ‘Train Initial Commands’ and Training Modules for Pre-Algebra, Algebra, Trig, Calculus, and Statistics. Includes MathTalk CD video demo showing features such as “how to speak to mathtalk”, “initial training”, “replace” command, “math to braille”, AND “graphing”! These videos can also be viewed at www.mathtalk.com .
